

MORE POSSIBILITIES
NEED MORE POWER
Take it, enjoy it.

DT1500

1500W
998Wh

DT800

800W
495Wh

**New DT Series: Powerful but still portable
Small size with high power to boost various
outdoor appliances.**

Key Features

- High Power/Capacity output ratio, 50% more than competitors *
- PowerRush inverter technology, better for AC resistive loads **
- Super-fast charging, 1-hour recharge to 80%
- Prominent LED light effects, easy to monitor device status
- Built-in EPS (Emergency Power Supply), no fear of unexpected blackouts
- Parallel to double AC output and battery capacity ***

* Power/capacity ratio of DT Series is designed to be over 1.5

** AC resistive devices with wattage ratings between 800W to 1600W for DT800 and 1500W to 3000W for DT1500, such as hair dryer, electric kettle, coffee machine, toaster, space heater, etc.

*** Only available on DT1500.

Technical Specifications

PowerRush

1-Hour
Recharge to 80%

200W Solar Input

DT800

Power	800W continuous, 1600W Peak
Capacity	495Wh
Battery Pack	18V/27,5Ah, NCM Cell
Cycle Life	>600 cycles (100% DOD, 80% EOL)
Dimensions	292x231x195mm
Weight	7 kg
Input	1xAC IEC C14 (495W Max.) 1x DC XT60 (200W Max.)
Output	1x AC CEE 7/4 (800W Rated, 1600W Surge) 2x USB-A QC3.0 (18W Max.) 1x USB-C (18W Max.) 1x USB-C (100W Max.) 1x CIG. (13.6V/10A, 136W Max.)
Other Features	PowerRush, Fast Charging, EPS
Certifications	CE, RoHS, UL, FCC, PSE,UN38.3, SDS

Parallel

PowerRush

1-Hour
Recharge to 80%

400W Solar Input

Dual PD 100W

DT1500

Power	1500W continuous, 3000W Peak
Capacity	998Wh
Battery Pack	41,6V/24Ah, LFP Cell
Cycle Life	>2000 cycles (100% DOD, 80% EOL)
Dimensions	430x262x289mm
Weight	17 kg
Input	1xAC IEC C14 (998W Max.) 1x DC XT60 (400W Max.)
Output	2x AC CEE 7/4 (1500W Rated, 3000W Surge) 2x USB-A QC3.0 (18W Max.) 2x USB-C (100W Max.) 1x CIG. (13.6V/10A, 136W Max.)
Other Features	PowerRush, Fast charging, EPS, Parallel
Certifications	CE, RoHS, UL, FCC, PSE,UN38.3, SDS
